#### 2024 #ABLEtoSave Campaign (Slide 1 of 3)

#ABLEtoSave is a month-long grassroots educational campaign designed to provide information and resources about the ease, use and significance of ABLE accounts for people with disabilities.

As of December 2023, more than 162,969 ABLE accounts have been opened with \$1.741 billion in assets invested. The average ABLE savings is more than \$10,000. Together, we can increase awareness across the nation and expand the number of people with disabilities benefitting from ABLE accounts.

#### 2024 #ABLEtoSave Campaign (Slide 2 of 3)

#### This year's campaign includes two webinars:

- #ABLEtoSave Opens the Door to Housing Opportunities Recorded on April 16th, 2024
- Today: #ABLEtoSave for Lifelong Financial Wellness
- Both will be archived on our website for 24/7 viewing.

#### Follow #ABLEtoSave 2024 (Slide 3 of 3)

The campaign has widespread participation from ABLE programs, national disability groups, financial institutions, and other stakeholders.

#### **ABLE is a Tool to Support Financial Wellness**

- The Achieving a Better Life Experience (ABLE) Act allows millions of people with disabilities the chance to save and invest money in an ABLE account without paying taxes on investment earnings.
- Account owners who receive needs-based benefits can save more than the savings limit (usually \$2000) and still get benefits if they need them.
- The savings can be spent on things that help the person stay healthy, independent and have a good life. It is flexible and even includes basic needs like food and housing.
- Anyone can deposit up to \$18,000 each year (2024) into an ABLE account.
   Employed account owners may deposit more.

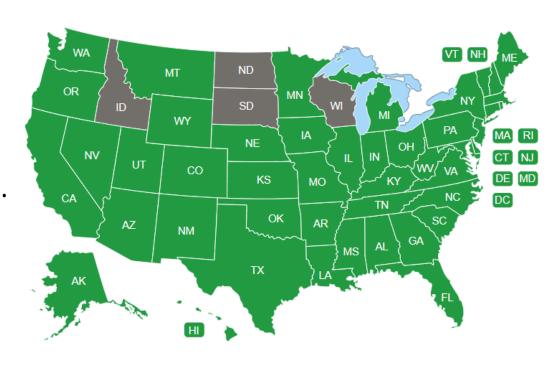

#### Who is ABLE Eligible?

- A person who has received Supplemental Security Income (SSI) and/or Social Security Disability
   Insurance (SSDI) since before age 26\*
- A person who has a disability that began before age 26 but has not received SSI or SSDI may ask
  their doctor to sign a <u>disability certification</u> indicating that their disability began before age 26
  and results in severe functional limitations.
- A person who works and no longer receives SSI and/or SSDI but still has a disability continues to be ABLE eligible if their disability began before age 26.
- A person can open an ABLE account at any age.

\*Note that the ABLE Age Adjustment Act expands ABLE eligibility to include those who have a disability that began before age 46 on 1/1/2026.

#### Where are State ABLE Programs?

- There are 46 state ABLE programs, plus D.C.
   There is a total of 49 plans from which to choose.
- If you are ABLE eligible, you can open one ABLE account; many plans accept out of state residents.
- An ABLE Program <u>Comparison Tool</u> and <u>Interactive State Map</u> is available on the ABLE NRC's website

#### **Qualified Disability Expenses (QDEs)**

#### ABLE funds may be used to pay for items or services that:

- Relate to the ABLE account owner's disability
- Are for the benefit of the ABLE account owner
- Relate to maintaining or improving an account owner's health, independence or quality of life

#### How Can Funds be Used - Qualified Disability Expenses

- Education
- Housing
- Food
- Transportation
- Employment training and support
- Assistive technology and personal support services

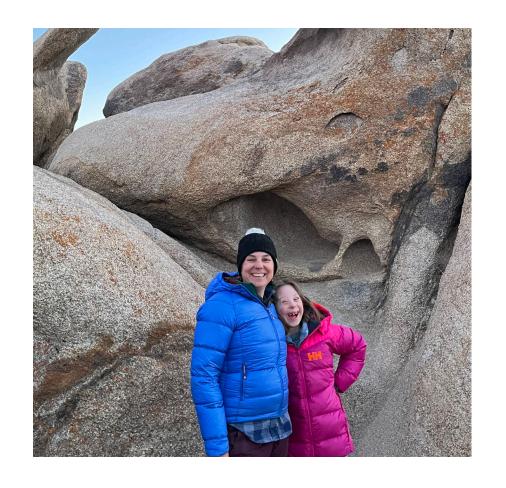

- Health prevention and wellness
- Financial management and administrative services
- Legal fees
- Expenses for oversight and monitoring
- Funeral and burial expenses

#### **Build Financial Endurance**

- Open an ABLE account as early as possible.
- Add funds to your ABLE account as consistently as possible. Ask others to help contribute.
- Delay withdrawing ABLE funds as long as possible to allow your savings to grow.
- If you invest, diversify! It reduces risk and maximizes returns.
- Investigate alternative low cost or no-cost funding sources to help pay for qualified disability expenses to allow your ABLE savings to grow.

#### **Tips to Enhance Savings Opportunities**

- Explore federal tax credits like the earned income tax credit, savers credit, or others that can result in a refund you can deposit into ABLE.
- Explore state tax credits in the state where you have opened the ABLE account.
   Many have credits for residents who deposit funds into ABLE.
- Explore employment opportunities and use SSA work incentives which allow you to keep more of earnings that you can save.
- After you open the ABLE account, if your find a plan with lower fees, higher plan limits, or more investment choices, consider a rollover into another ABLE plan.

#### **Tips to Increase Financial Wellness**

- Make a commitment today and open an ABLE account.
- Choose your priorities and set short and long-term savings goals. Evaluate and revise your goals as needed. Go after it!
- Automate your ABLE savings. It may make it easier to regularly contribute to your savings goals.
- If you need help to stay motivated, ask for it. If you have a setback, get back on track and address barriers to your success.
- Do the best you can by doing the right things today for a better future!
